

Jerry M. Wallace
School of Osteopathic Medicine

Resident Regional Research and Education Symposium

Save the Date: February 15, 2019 at 5:00 – 7:30pm

at Leon Levine Hall of Medical Sciences

Campbell University School of Osteopathic Medicine

(Participating residents should be released at 3:00 for drive time and set up)

Submission Guidelines

- All abstracts and poster submissions must be submitted via email as pdf documents.
 - Refer to 2018-2019 Abstract Submission Form for more details.
- Abstract and poster submissions may be submitted together or separately.
 - If submitted separately, abstracts must be submitted first to receive an acceptance letter.
- Early abstract submissions will prompt an early acceptance letter, with or without the poster.
 - Early poster submissions are also strongly encouraged due to printing time needed before the event.
- **Hard deadline for ALL components will be 11:59pm, December 31, 2018 – no exceptions.**

Participation Requirements

1. Participation at a PGY-1 level for a case presentation is required. Also, participation of either a case or IRB approved project or “work in progress” is required for the PGY 3+ terminal year of the program.
2. Abstract must be submitted on the 2018-2019 Abstract Submission Form (please see your Program Coordinator for a copy or refer to the homepage in New Innovations).
3. All sections of the Abstract Form must be completed.
4. Poster must include a quality parameter (what you learned) and will be assigned to one of the 7 CMS categories.
5. Abstract and poster must include the mentoring attending physician for the case/project.
6. Abstract and poster must include an osteopathic element related to either philosophy or treatment.
7. Groups may consist of up to 4 residents (to include students where applicable), and an attending physician mentor. Not all members of the group need be present for the competition event in February.
